DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a first embodiment of a gravity feed dispenser display showing our new design;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a top, front and left side perspective view of a second embodiment of a gravity feed dispenser display showing our new design; and,

FIG. 4 is a left side elevational view thereof.

The broken-line disclosure in the views is understood to be for illustrative purposes only and forms no part of the claimed design, and the broken lines which abut claimed surface area are understood to represent an unclaimed boundary.
